^{*} If you are applying for multiple facilities, you must call 1-888-339-PTRK(7875)

Why do we need this information?

EPA needs background information on your facility to evaluate your application.

What do you need to do?

Provide background information on your facility.

pages 32-38 of the instructions and enclose it with your

Identify your environmental requirements.

2	What do you do or make at your facility? List the North American Industrial Classification System (NAICS) codes that you use to classify business at your facility. Does your company meet the Small Business Administration definition of a small business for your sector?	Grand Teton Lodge Company is the largest concessionaire in Grand Teton National Park. We provide park visitors with a variety of accommodations, dining, shopping and activities including Jenny Lake Lodge, 37 rooms (the only four star/four diamond property located in a national park); Jackson Lake Lodge, 385 rooms, full conference resort, and Colter Bay Village, 166 historic cabins, RV park and tent village. Activities include horseback riding, scenic Snake River float trips, Jackson Lake boat cruises, wildlife and national park bus tours, and hiking. NAICS 72 111 0R
4	How many employees (full-time equivalents) currently work at your facility? If you checked "Yes" in question 3 and have fewer than 50 employees at your facility, then you are considered a "small facility" by the Performance Track Program.	 ☐ Fewer than 50 ☐ 50-99 ☑ 100-499 ☐ 500-1,000 ☐ More than 1,000
5	Complete the Environmental Requirements Checklist on	

application.

Section A, continued

Optional: Is there anything else you would like to tell us about your facility? Do you participate in other voluntary programs at the local, tribal, State, or Federal level? At Grand Teton Lodge Company, our commitment goes beyond meeting expectations for superior facilities and conscientious employees – our obligation extends to the mountains, lakes, rivers, streams, and natural wildlife with which we share this special place in Grand Teton National Park.

In partnership with the National Park Service, we are entrusted to protect, conserve and preserve the resources of Grand Teton National Park, and leave them unspoiled for future generations of visitors to experience and enjoy. We take the public trust of operating within Grand Teton National Park very seriously.

Our success is dependent on the long-term health and sustainability of our natural surroundings. We consider the environmental consequence of every action we take, and everything we do is based on sound environmental practices and principles. It is a privilege to operate in the national park, and our respect for the environment guides every action we take.

To make certain we are on a path to fulfill our objectives, Grand Teton Lodge Company has adopted an Environmental Management System, an Environmental Policy with certain guiding environmental principles, and has instituted a number of industry-leading environmental initiatives. They represent our mission – our promise – that the health and preservation of Grand Teton National Park is our top priority.

Please visit our Environmental pages at www.gtlc.com for a full description of our facilities, environmental policy, current environmental initiatives, partnerships, and recent press releases and communication.

Why do we need this information?

Facilities need to have an operating Environmental Management System (EMS) that meets certain requirements.

What do you need to do?

- Confirm that your EMS meets the Performance Track requirements.
- Tell us if you have completed a self-assessment or have had a third-party assessment of your EMS.

Read the EMS requirements on page 9-12 of instructions. Tell us if your EMS meets these requirements for:

1	Environmental policy ————————————————————————————————————	⊠ Yes	□ No	
2	Planning —	⊠ Yes	□ No	
3	Implementing and operation ————————————————————————————————————	⊠ Yes	□No	
4	Checking and corrective action	⊠ Yes	□No	
5	Management review ——————	⊠ Yes	□ No	
6	Have you done a comprehensive review of all activities conducted at your facility that could impact the environment? (i.e., have you done an aspect analysis?)	⊠ Yes	□ No	
7	Have you classified your aspects based on their potential harm to the environment, on community concerns, and/or on other objective factors? (i.e., have you determined your significant aspects?)	⊠ Yes	□No	
8	When did you last update your aspect analysis? (mo/yr)	February	1, 2003	
9	Have you completed at least one EMS cycle (plan-do-check-act)?	⊠ Yes	□ No	
10	Did this cycle include both an EMS and a compliance audit?	⊠ Yes	□ No	
11	Have you completed an objective self-assessment or third-party assessment of your EMS?	⊠ Yes	□ No	
	If yes, what method of EMS assessment did you use?	Self-asse	essment	Third-party assessment
		☐ GEM	I	
		СЕМІ	P	Other
		☐ Other	•	

Why do we need this information?

Facilities need to show that they are committed to improving their environmental performance. This means that you can describe past achievements and will make future commitments.

What do you need to do?

Refer to the Environmental Performance Table in the instructions to answer questions 1 and 2.

Part 1 You must report past achievements for at least two environmental aspects, and you must choose these aspects from the Environmental Performance Table on pages 29-31 of the instructions. Please quantify each of your aspects using the units listed for that aspect in the Environmental PTrack Information Hotline at 1-888-339-PTRK.

Note to small facilities: If you are a small facility, you must report past achievements for only one environmental aspect.

First achievement

What aspect have you selected from the Table on page 29-31?	Total Solid Waste	
What units are you using to quantify this aspect? (See Table, page 29-31.)	tons	
	PAST	CURRENT
3 List the past annual quantity of the aspect (from two years ago) and the current annual quantity of the aspect (from the most recent year for which you have data).	658	554
4 What are the years for which you are reporting these quantities?	2000	2002
5 Estimate your past normalizing factor (Page 18 of the Instructions will help you calculate this.)	1.03	1.0
6 What is your normalizing factor based on (e.g., production, employment)?	lodging room nights.	
7 You reported an improvement in the quantity of the aspect in Question 3. How did you achieve this improvement?	Increased diversion through recycling of wood waste and other materials, improved infrastructure and equipment (3 large community recycling centers added), and enhanced public education and employee training.	

Section C, continued

Second achievement

What aspect have you selected from the Table on page 29-31?	Materials Use, Recycled Materials Use	
What units are you using to quantify this aspect? (See Table, page 29-31.)	Tons of recycled-content office papers and brochures we purchase anually.	
	PAST	CURRENT
3 List the past annual quantity of the aspect (from two years ago) and the current annual quantity of the aspect (from the most recent year for which you have data).	0	9.8
What are the years for which you are reporting these quantities?	2000	2002
5 Estimate your past normalizing factor (Page 18 of the Instructions will help you calculate this.)	1.03	1.0
6 What is your normalizing factor based on (e.g., production, employment)?	Lodging Room Nights	
7 You reported an improvement in the quantity of the aspect in Question 3. How did you achieve this improvement?	Established a purchasing and green procurement policy that specifies that all materials possible are purchased from recycled content. In addition to all recycled content restroom tissues, napkins, and paper towels, the company switched to purchase of recycled content marketing brochures and copy paper.	

Part 2 You must make future commitments for at least four environmental aspects, and you must choose these aspects from the Environmental Performance Table on pages 29-31 of the Instructions. The aspects you select for your future commitments should be related to the objectives and targets in your EMS. Where possible, they also should be identified as having a significant environmental impact in your EMS. No more than two of your aspects can be from the same environmental category. If you're not sure how your objectives and targets fit into our aspects or whether your aspects are significant, call the PTrack Information Hotline at 1-888-339-PTRK.

Once you have chosen your four environmental aspects, then fill in all the necessary information for these aspects in the tables on pages 7-10 of this form. Please quantify each of your aspects using the units listed for that aspect in the Environmental Performance Table. Each table that you must fill in corresponds to one of the environmental aspects you have chosen.

We will assume that your performance commitments are based on a constant production or employment level. If you would like to base your commitment on changing production or employment, please fill out optional questions 6a and 6b.

Note to small facilities: If you are a small facility, you must report future commitments for only two environmental aspects.

Section C, continued

First commitment

1	What aspect have you selected from the Table on pages 29-31?	Reduction of VOC's - Air Emissions	
2	What units are you using to quantify this aspect?	Gallons of alternative fuels (biodiesel, E85) used in our fleet operations.	
<i>3a</i>	Is this aspect considered significant in your EMS?	⊠ Yes □ No	
<i>3b</i>	If no, please explain why you believe this aspect should be included as a performance commitment.		
		CURRENT	FUTURE
4	List the current annual quantity of the aspect and the annual quantity you are committing to achieve by the end of the third year of your participation in Performance Track.	0	6,000
5	What are the years for which you are reporting these quantities?	2002	2005
6a	(Optional) What is your future normalizing factor. (Page 21 of the Instructions will help you calculate this.)	1.0	1.0
6b	(Optional) What is your normalizing factor based on (e.g., production, employment)?	Lodging Room Nights	
7	You committed to an improvement in the quantity of this aspect in Question 4. How	We are beginning a partnership with share facilities for a biodiesel storage	Grand Teton National Park in 2003 to a tank and dispensing station.
	do you plan to achieve this improvement?	We are considering modification of a E85 (85% ethanol gasoline) to our conservice vehicles, and visitor vehicles	ompany fleet vehicles, National Park
8a	Are you subject to Federal, State, tribal, or local regulatory requirements for this aspect?	☐ Yes ⊠ No	
8b	If yes, please list those requirements, including the quantitative limits and compliance deadlines that apply to you. Explain how your commitment exceeds requirements.		

Section C, continued

Second commitment

1	What aspect have you selected from the Table on pages 29-31?	Hazardous Materials Use	
2	What units are you using to quantify this aspect?	Ibs	
<i>3a</i>	Is this aspect considered significant in your EMS?	⊠ Yes □ No	
<i>3b</i>	If no, please explain why you believe this aspect should be included as a performance commitment.		
		CURRENT	FUTURE
4	List the current annual quantity of the aspect and the annual quantity you are committing to achieve by the end of the third year of your participation in Performance Track.	9,967	4984
5	What are the years for which you are reporting these quantities?	2002	2005
6a	(Optional) What is your future normalizing factor. (Page 21 of the Instructions will help you calculate this.)	1.0	1.0
6b	(Optional) What is your normalizing factor based on (e.g., production, employment)?	Lodging Room Nights	
7	You committed to an improvement in the quantity of this aspect in Question 4. How do you plan to achieve this improvement?	We've done an inventory and researched MSDS for all current products, identified hazardous products within our inventory, identified non-hazardous alternatives, and tested alternatives for effectiveness within our operations. We are implementing non hazardous cleaning products in one of our properties, Jenny Lake Lodge, during summer 2003 and plan to expand use of non hazardous products throughout the other properties over the next 3 years, reducing use of hazardous products by 50% in 3 years.	
8a	Are you subject to Federal, State, tribal, or local regulatory requirements for this aspect?	☐ Yes ⊠ No	
8b	If yes, please list those requirements, including the quantitative limits and compliance deadlines that apply to you. Explain how your commitment exceeds requirements.		

Section C, continued

Third commitment

1	What aspect have you selected from the Table on pages 29-31?	Hazardous Solid Waste	
2	What units are you using to quantify this aspect?	Ibs	
<i>3a</i>	Is this aspect considered significant in your EMS?	⊠ Yes □ No	
<i>3b</i>	If no, please explain why you believe this aspect should be included as a performance commitment.		
		CURRENT	FUTURE
4	List the current annual quantity of the aspect and the annual quantity you are committing to achieve by the end of the third year of your participation in Performance Track.	300	50
5	What are the years for which you are reporting these quantities?	2002	2005
6a	(Optional) What is your future normalizing factor. (Page 21 of the Instructions will help you calculate this.)	1.0	1.0
6b	(Optional) What is your normalizing factor based on (e.g., production, employment)?	Lodging Room Nights	
7 You committed to an improvement in the quantity of this aspect in Question 4. How do you plan to achieve this improvement?		This year we are eliminating the use of aerosol cans in one maintenance shop by replacing aerosol cans with re-fillable and rechargable spray cans. Bulk products (lubricants, brake and carbeurator cleaners) will be purchased instead of disposable aerosol cans.	
		We intend to expand the initiative to all other maintenance shops and operations over the next three years.	
8a	Are you subject to Federal, State, tribal, or local regulatory requirements for this aspect?	☐ Yes ☒ No	
8b	If yes, please list those requirements, including the quantitative limits and compliance deadlines that apply to you. Explain how your commitment exceeds requirements.		

Section C, continued

Fourth commitment

1	What aspect have you selected from the Table on pages 29-31?	Energy Use in Lighting	
2	What units are you using to quantify this aspect?	kWh	
<i>3a</i>	Is this aspect considered significant in your EMS?	⊠ Yes □ No	
<i>3b</i>	If no, please explain why you believe this aspect should be included as a performance commitment.		
		CURRENT	FUTURE
4	List the current annual quantity of the aspect and the annual quantity you are committing to achieve by the end of the third year of your participation in Performance Track.	675,000	270,000
5	What are the years for which you are reporting these quantities?	2002	2005
6a	(Optional) What is your future normalizing factor. (Page 21 of the Instructions will help you calculate this.)	1.0	1.0
6b	(Optional) What is your normalizing factor based on (e.g., production, employment)?	Lodging Room Nights	
7	You committed to an improvement in the quantity of this aspect in Question 4. How do you plan to achieve this improvement?	Through a Bonneville Power Administration grant ,administered through our local energy provider Lower Valley Energy, Grand Teton Lodge Company is upgrading lighting systems to the most current efficient technology throughout our facilities.	
8a	Are you subject to Federal, State, tribal, or local regulatory requirements for this aspect?	☐ Yes ☒ No	
8b	If yes, please list those requirements, including the quantitative limits and compliance deadlines that apply to you. Explain how your commitment exceeds requirements.		

Why do we need this information?

Facilities need to demonstrate their commitment to public outreach and performance reporting. You should have appropriate mechanisms in place to identify community concerns, to communicate with the public, and to provide information on your environmental performance.

What do you need to do?

- Describe your approach to public outreach.
- List three references who are familiar with your facility.

Section D

Tell us about your public outreach and reporting.

1	How do you identify and respond to community concerns?	Openly, honestly, and as a community partner. Grand Teton Lodge Company holds a long-standing reputation as a business leader in our community. We identify community concerns through staff involvement and participation in diverse and various organizations, including continuous communication with Grand Teton National Park, the Jackson Chamber of Commerce, Teton Yellowstone Clean Cities Coalition, Jackson Community Recycling, and Moran Fire Department. We also solicit comments and suggestions from park visitors and lodging guests.
2	How do you inform community members of important matters that affect them?	We provide ongoing information to our community members through frequent press releases, web site information (www.gtlc.com), internal employee newsletters, visitor education programs, and continuous communication with Grand Teton National Park.
3	How will you make the Performance Track Annual Performance Report available to the public?	☑ Website www.gtlc.com☑ Newspaper☐ Open Houses☑ Other
		Community public education events.

Section D, continued

4	Are there any ongoing citizen suits against your facility?	☐ Yes	⊠ No
	If yes, describe briefly in the right-hand column.		

5 List references below

	Organization	Name	Phone number
Representative of a Community/ Citizen Group	Jackson Community Recycling	Heather Thomas	307.733.7678
State/tribal/local regulator	Grand Teton National Park Concessions Office	Rebecca Rhea	307.739.3410
Other community/local reference (e.g., emergency management official or business associate)	Wyoming Congressperson Wyoming State Senator	Clarene Law Grant Larson	307.733.2535 307.733.2025

I have read and agree to the terms and conditions for Application and Participation in the National Environmental Performance Track, as specified in the *National Environmental Performance Track Program Guide* and in the *Application Instructions*;

- I have personally examined and am familiar with the information contained in this Application, including the Environmental Requirements Checklist. The information contained in this Application is, to the best of my knowledge and based on reasonable inquiry, true, accurate, and complete, and I have no reason to believe the facility would not meet all program requirements;
- My facility has an environmental management system (EMS), as defined in the Performance Track EMS
 requirements, including systems to maintain compliance with all applicable Federal, State, tribal, and local
 environmental requirements in place at the facility, and the EMS will be maintained for the duration of the
 facility's participation in the program;
- My facility has conducted an objective assessment of its compliance with all Federal, State, tribal, and local
 environmental requirements, and the facility has corrected all identified instances of potential or actual
 noncompliance;
- Based on the foregoing compliance assessment and subsequent corrective actions (if any were necessary), my facility is, to the best of my knowledge and based on reasonable inquiry, currently in compliance with applicable Federal, State, tribal, and local environmental requirements.

I agree that EPA's decision whether to accept participants into or remove them from the National Environmental Performance Track is wholly discretionary, and I waive any right that may exist under any law to challenge EPA's acceptance or removal decision.

I am the senior facility manager and fully authorized to execute this statement on behalf of the corporation or other legal entity whose facility is applying to this program.

Paperwork Reduction Act Notice

The public reporting and recordkeeping burden for this collection of information is estimated to average 40 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden, including through the use of automated collection techniques to the Director, Collection Strategies Division, U.S. Environmental Protection Agency (2822), 1200 Pennsylvania Ave., NW, Washington, D.C. 20460. Include the OMB control number in any correspondence. Do not send the completed form to this address.

Environmental Requirements Checklist

Use the Environmental Requirements Checklist to answer Question 5 in *Section A, Tell us about your facility*. This Checklist will help you identify the *major* Federal, State, tribal, and local environmental requirements that apply at your facility, but it is not an exhaustive list of all environmental requirements that may be applicable at your facility.

Fill in your facility information below and enclose the completed Checklist with your application.

Air Pollution Regulations

Check all that apply 1. National Emission Standards for Hazardous Air Pollutants (40 CFR 61) \boxtimes 2. Permits and Registration of Air Pollution Sources 3. General Emission Standards, Prohibitions, and Restrictions 4. Control of Incinerators 5. **Process Industry Emission Standards** 6. Control of Fuel Burning Equipment 7. Control of VOCs 8. Sampling, Testing, and Reporting 9. Visible Emissions Standards 10. Control of Fugitive Dust 11. Toxic Air Pollutants Control 12. Vehicle Emissions Inspections and Testing Other (you must list these if applicable) 13. Federal, State, tribal, or local regulations not listed above.

ID Numbers (specify whether State or Federal).

Hazardous Waste Management Regulations

Check	all th	nat apply.
	1.	Identification and listing of hazardous waste (40 CFR 261)
		- Characteristic waste
		- Listed waste
	2.	Standards Applicable to Generators of Hazardous Waste (40 CFR 262)
		- Manifesting
		- Pre-transport requirements
		- Record keeping/reporting
	3.	Standards Applicable to Transporters of Hazardous Waste (40 CFR 263)
		- Transfer facility requirements
		- Manifest system and record-keeping
		- Hazardous waste discharges
	4.	Standards for Owners and Operators of TSD Facilities (40 CFR 264)
		- General facility standards
		- Preparedness and prevention
		- Contingency plan and emergency procedures
		- Manifest system, record-keeping, and reporting
		- Groundwater protection
		- Financial requirements
		- Use and management of containers
		- Tanks
		- Waste piles
		- Land treatment
		- Incinerators
	5.	Interim Standards for TSD Owners and Operators (40 CFR 265)
	6.	Interim Standards for Owners and Operators of New Hazardous Waste Land Disposal Facilities (40 CFR 267)
	7.	Administered Permit Program (Part B) (40 CFR 270)
Other	(you	must list these if applicable)
	8.	Federal, State, tribal, or local regulations not listed above
	9.	ID Numbers (specify whether State or Federal). CESQG

Hazardous Materials Management

Check	k all th	nat apply.
	1.	Control of Pollution by Oil and other Hazardous Substances (33 CFR 153)
	2.	Designation of Reportable Quantities and Notification of Hazardous Materials Spill (40 CFR 302)
	3.	Hazardous Materials Transportation Regulations (49 CFR 172-173)
\boxtimes	4.	Worker Right-to-Know Regulations (29 CFR 1910.1200)
\boxtimes	5.	Community Right-to-Know Regulations (40 CFR 350-372)
\boxtimes	6.	Underground Storage Tank Regulations (40 CFR 280-282)
Other	(you	must list these if applicable)
	7.	Federal, State, tribal, or local regulations not listed above.
	8.	ID Numbers (specify whether State or Federal).
Solid	Wast	te Management
Check	k all th	nat apply.
	1.	Criteria for Classification of Solid Waste Disposal Facilities and Practices (40 CFR 257)
	2.	Permit Requirements for Solid Waste Disposal Facilities
	3.	Installation of Systems of Refuse Disposal
	4.	Solid Waste Storage and Removal Requirements
	5.	Disposal Requirements for Special Wastes
Other (you must list these if applicable)		
	6.	Federal, State, tribal, or local regulations not listed above.
	7.	ID Numbers (specify whether State or Federal).

Water Pollution Control Requirements

Chec	k all tha	at apply.
	1.	Oil Spill Prevention Control and Countermeasures (SPCC) (40 CFR 112)
	2.	Designation of Hazardous Substances (40 CFR 116)
	3.	Determination of Reportable Quantities for Hazardous Substances
		(40 CFR 117)
	4.	NPDES Permit Requirements (40 CFR 122)
	5.	Toxic Pollutant Effluent Standards (40 CFR 129)
	6.	General Pretreatment Regulations for Existing and New Sources
		(40 CFR 403)
		Name of POTW
		ID # of POTW
	7.	Organic Chemicals Manufacturing Point Source Effluent Guidelines and Standards (40 CFR 414)
	8.	Inorganic Chemicals Manufacturing Point Source Effluent Guidelines and Standards (40 CFR 415)
	9.	Plastics and Synthetics Point Source Effluent Guidelines and Standards (40 CFR 416)
	10.	Water Quality Standards
	11.	Effluent Limitations for Direct Dischargers
	12.	Permit Monitoring/Reporting Requirements
	13.	Classifications and Certifications of Operators and Superintendents of Industrial Wastewater Plants
	14.	Collection, Handling, and Processing of Sewage Sludge
	15.	Oil Discharge Containment, Control and Cleanup
	16.	Standards Applicable to Indirect Discharges (Pretreatment)
Other	r (you n	nust list these if applicable)
	17.	Federal, State, tribal, or local regulations not listed above.
	18.	ID Numbers (specify whether State or Federal).

Drinking Water Regulations

Chec	k all th	nat apply.
	1. 2. 3. 4. 5.	Underground Injection and Control Regulations, Criteria and Standards (40 CFR 144, 146) National Primary Drinking Water Standards (40 CFR 141) Community Water Systems, Monitoring and Reporting Requirements (40 CFR 141) Permit Requirements for Appropriation/Use of Water from Surface or Subsurface Sources Underground Injection Control Requirements Monitoring, Reporting and Record keeping Requirements for Community Water Systems
Othe		must list these if applicable)
	7.	Federal, State, tribal, or local regulations not listed above.
	8.	ID Numbers (specify whether State or Federal).
Toxic	Subs	stances
Chec	k all th	nat apply.
	1.	Manufacture and Import of Chemicals, Record-keeping and Reporting Requirements (40 CFR 704)
	2.	Import and Export of Chemicals (40 CFR 707)
	3.	Chemical Substances Inventory Reporting Requirements (40 CFR 710)
	4.	Chemical Information Rules (40 CFR 712)
	5.	Health and Safety Data Reporting (40 CFR 716)
	6.	Pre-Manufacture Notifications (40 CFR 720)
	7.	PCB Distribution Use, Storage and Disposal (40 CFR 761)
	8.	Regulations on Use of Fully Halogenated Chlorofluoroalkanes (40 CFR 762)
	9.	Storage and Disposal of Waste Material Containing TCDD (40 CFR 775)
Othe	r (you	must list these if applicable)
	10.	Federal, State, tribal, or local regulations not listed above.
	11.	ID Numbers (specify whether State or Federal).

Pesticide Regulations

Check a	all that	apply.
	1.	FIFRA Pesticide Use Classification (40 CFR 162)
	2.	Procedures Storage and Disposal of Pesticides and Containers
		(40 CFR 165)
	3.	Certification of Pesticide Applications (40 CFR 171)
	4.	Pesticide Licensing Requirements
	5.	Labeling of Pesticides
	6.	Pesticide Sales, Permits, Records, Application and Disposal Requirements
	7.	Disposal of Pesticide Containers
	8.	Restricted Use and Prohibited Pesticides
Other (you m	ust list these if applicable)
\boxtimes	9.	Federal, State, tribal, or local regulations not listed above. NPS Integrated Pest Management Program Requirements
	10.	ID Numbers (specify whether State or Federal).
Enviro	nment	al Clean-Up, Restoration, Corrective Action
		• •
Ш	1.	Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA or Superfund). Please identify and include date of Record of Decision.
	2.	RCRA Corrective Action. Please provide date of RCRA/HSWA permits that require corrective action.
	3.	Other Federal, State, tribal, or local environmental clean-up, restoration, corrective action regulations not listed above. Please include date of requirement.
Facility Name		e Grand Teton Lodge Company
